

CREWSAFE® CUT RESISTANT GLOVES

PRODUCT INFORMATION

PRODUCT	CrewSafe Cut Resistant Gloves
Item Stock no.	CPI019SS
UPC Number (c.u.)	6 18206 04901 04906
Pack Configuration	Sold individually
Master Case Configuration	12 Gloves <i>*Bundled when shipped with other items</i>
Gross Master Case weight	~2 lbs (0.907 kg)
Master Case Dimensions	9 in x 7 in x 7 in (22.9 cm x 17.8 cm x 17.8 cm)
Cu. Ft. Per Master Case	0.2550 ft ³ (0.007m ³)
Country of Origin	U.S.A.
Harmonization Code	6116.99.9560
Minimum Order Quantity	1 Master Case

medium weight
10 gauge

DESCRIPTION

Our CrewSafe high performance cut resistant gloves were developed to provide excellent hand protection against laceration injuries, and to minimize the spread of disease carrying microorganisms that cause foodborne illness. The cut resistant fibers of the gloves have an antimicrobial treatment that never washes out.

APPLICATIONS

- Food service & preparation
- Food processing plants
- Grocery
- Medical facilities & Laboratories
- Pharmaceutical manufacturers
- Hospitality & Resorts

COMPOSITION & PHYSICAL DETAILS

- HPPE (Honeywell’s Spectra® Guard fibers)
- Stainless steel core wrapped fibers
- AlphaSan®* antimicrobial treatment of fibers
**permanent treatment that lasts for the useful life of the glove*
- Gauge: 10

Size	Item #	UPC	Wrist Band Color Size Chart
XX Small	CP1019SS-XXS	618206 04906	
X Small	CP1019SS-XS	618206 04901	
Small	CP1019SS-SM	618206 04902	
Medium	CP1019SS-MD	618206 04903	
Large	CP1019SS-LG	618206 04904	
X Large	CP1019SS-XL	618206 04905	

PERFORMANCE & REGULATORY

All yarns and antimicrobial agents used to manufacture this product are accepted by the FDA for direct contact.

- Complies with 21 CFR, 170–199 for direct food contact applications.
- Complies with regulation (EC) No–1935/2004; and conforms to authorized monomers, Annex II, Section A; and authorized additives, Annex III of Commission Directive 2002/72/EC as amended by Directive 2007/19/EC.
- FDA accepted antimicrobial treatment pursuant to Food Contact Notification #00001.
- Antimicrobial treatment accepted by European EEC ELINCS Notification 98–06–1176–00.
- ASTM F2992–2015: ANSI/ISEA 105–2016 Cut Performance Level 5.

The measurement of the resistance to cutting of textile fabrics is very complex and affected by many factors that include the inherent mechanical properties of the fibers; the dimensions of the fibers; the structure of the yarns; the construction of the fabrics; the type, kind, and amount of treatment added to the fibers, yarns, the tension on the specimen; the pressure between the specimen and text fixtures and the dimensional changes in the specimen. As a result, variation in the test data results by and between testing laboratories and test campaigns can be expected.

- Pigments in dyed yarns comply with EU Type 8081 and 8082.
- Conforms to CFR 1303 for lead content and 11 for HACCP.

STORAGE & CARE

- Hand or machine-wash in warm water using mild detergent. Line or hang dry. Do not use bleach. Sanitizer safe.
- AlphaSan Antimicrobial compound is a permanent treatment. It does not wash out and should last for the useful life of the glove.

SHELF LIFE

This product is non-perishable.

CAUTION

 Spellbound Development Group, Inc. Recommends product users to always use caution and care when handling tools, devices and other products used in the workplace. Always wear the appropriate personal protective equipment. Any information or data provided in this datasheet is based upon Spellbound Development Group, Inc.'s current knowledge and understanding of the subject matter, and is offered solely as a possible suggestion for use in making your own decisions or product choices.

Spellbound Development Group, Inc. recommends product users conduct all appropriate testing or other evaluations to determine the suitability of Spellbound Development Group, Inc.'s products for a particular purpose or use within a particular environment. It is the responsibility of a product user to assess the level of risk and to determine the protective equipment required and suitability for the use intended by the user. Spellbound Development Group, Inc. may, from time to time, revise the information on this data sheet as new information, knowledge or experience becomes available. According to current OSHA regulations, the employer has the final responsibility for selecting personal protective equipment suitable for the use intended.

WARRANTY

Spellbound Development Group, Inc. ("Spellbound") does not warrant, expressed or implied that our products eliminate losses due to injuries and accidents. We do not claim or warrant, expressed or implied, that our products are intended to prevent or reverse any upward or downward trend associated with losses in the workplace.

Spellbound warrants its products to be free of defects in material and workmanship for 90 days after shipment from Spellbound. Should a defect be found within this first 90-day period, Spellbound shall replace the product with like or similar product at their cost.

Products purchased from an authorized Spellbound distributor must be returned to the distributor. Spellbound's liability under this warranty is limited to the replacement of defective product, and in no event shall it be liable for consequential or indirect damages or losses.

This warranty shall not apply to product subjected to accidental damage, misuse, alteration, or deterioration due to extended storage or exposure. Nor shall it apply to product requiring normal replacement due to wear.

This warranty constitutes Spellbound's exclusive limited warranty, there being no other warranties, expressed or implied, including any warranty of merchantability or fitness for a particular purpose.
