

RED HOT® SAFETY PITCHER

CrewSafe®

THE STORY

Our Red Hot Safety Pitcher was developed to protect employees from scald injuries when transporting hot liquids.

BENEFITS

- ▼ Reduces scald injuries and their associated medical, legal and lost-time costs
- ▼ Minimizes slip and fall injuries caused by spilled liquids

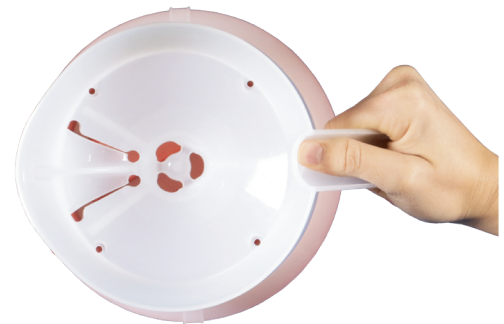

FEATURES

- ▼ NSF Certified
- ▼ BPA & Phthalate free
- ▼ FDA compliant, food-safe materials
- ▼ Integrated lid minimizes splashing of hot liquids
- ▼ Impact-resistant body with added thermal protection
- ▼ Secure removable base for ease of cleaning
- ▼ Quart measurement markings
- ▼ Dishwasher & sanitizer safe

Not a storage device. Use only for transport of hot liquids up to 212°F/100°C.

Item #LT3-07201

3 quart (96 fl oz, ~3L) capacity
